BAR

RUM

As we commence our journey from Barbados - the spiritual home of rum - we welcome you to Anderson's Bar where we have partnered with The Tidal Rum, to create the mouth-watering Golden Tide Rum.

Distilled on board Arvia, this unique blend of rum has been created exclusively for P&O Cruises.

Whether you're in the mood for an afternoon cocktail or a pre-dinner drink from our exclusive rum menu, Anderson's Bar is your place to come and soak up the laid-back atmosphere.

HAVE YOU MET AURELIA?

At home in the world's first rum distillery at sea, our 50-litre still is known as Aurelia. This feminine Latin name means 'the golden one' and perfectly complements Arvia, our sunshine ship.

Aurelia distils our very own Golden Tide Rum as Arvia explores the Caribbean. Made to an exclusive recipe in collaboration with The Tidal Rum, this sun-drenched drink blends flavours of the region with marine botanicals from the British Isles to celebrate togetherness and the enchantment of travels to island shores.

When Arvia cruises in the Mediterranean, Aurelia distils our own Marabelle Gin. Inspired by coastal flavours, this unique recipe was developed in partnership with Salcombe Distilling Co.

The Shorts Boy Distillery was born from a mission to celebrate and elevate rum. Its story begins by the sea, where both its founders spent their childhood - Harry in Scotland by St. Cyrus beach and Ben on the island of Jersey. They make the perfect partners for P&O Cruises, as they share the sense of adventure and freedom that the sea awakens in all of us.

DARK

Dark, black or golden rum starts off as the same clear spirit that makes light rum. However, instead of being filtered and bottled right after being distilled, dark rums are aged first. By ageing the rum in charred oak or wooden barrels for a period of time, they end up with a darker colour and a bolder flavour.
